## How will these alternative English tests affect visa applications?

You may be required to take an additional language test to qualify for a student visa. Any questions related to student visas for study in Australia should be directed to the Department of Home Affairs nearer the time of your student visa application.

## What if my visa application is rejected when borders re-open?

If you start your studies online and are based offshore, you will be offered a full refund if you are unsuccessful in obtaining a visa to study in Australia after the borders reopen and you do not wish to continue your degree online.
